About this item

- Auto Calculate Hours: The Face Recognition, Finger Scan, RFID and Password verification mechanisms are available on the smart time clock. Employee hours are automatically calculated.
- Perfect for Small Business: The NGTeco 4-in-1 time clock, which is widely used in workplaces including offices, factories, hotels, schools, restaurants, etc., is perfect for small and mid-sized businesses with a maximum of 200 employees.
- Upgraded from Paper Card Machine: No more expensive paper cards, messy ink ribbons, or annoying errors.
- Easy to Use: There is no need to be concerned about the initial usage of an offline time clock because it does not need a complicated program.
- No Monthly Subscription: It functions right out of the box. You can send time reports to your email using the free NGTeco Time APP.
- Online and Offline Use: The time clock machine allows users to regularly clock in and out without internet access. It also supports 2.4G WiFi for data synchronization between the machine and apps.
