Economic Development Administration Positions

The City of Vergas has established an Economic Development Authority (EDA) pursuant to the provisions of Minnesota Statutes §469.090 to §469.108.

The City desires to encourage, attract, promote and develop economically sound industry and commence within the City to provide employment and economic opportunity for its citizens. The encouragement and financial support of economic development and redevelopment within the City is vital to the orderly development and financial health of the city, and is in the best interests of the health, safety, prosperity and welfare of the citizens of the city. The City Council finds the accomplishment of the foregoing purposes and ends which are in the best interests of and vital to the citizens of the City can be best accomplished by the creation of an EDA.

If you would like to apply for a commission position on the EDA, applications are available at the Vergas City Office or on the website www.cityofvergas.com. Please contact City Clerk Julie Lammers 342-2091 if you have any questions.
