Message from Council:

Spring is a time we start to think of outdoor clean up! Starting in May, thru Sept., the Planning Commission conducts monthly city tours to identify public health & safety nuisances. This is in addition to responding to received complaints. What constitutes a nuisance includes junk cars, unlicensed/inoperable vehicles, poor building/fence and property maintenance and presence of refuse and debris. Refer to City Ordinance on the City Website, General Regulations, section 92 health & safety nuisance and city nuisance policy.
